Mosin Nagant Radom M48 trainer Bolt Action .22 Rifles

£ 1,199

Description

A Very rare M48, Mosin Nagant pattern .22lr training rifle by Radom of Poland, dated 1956, in lovely condition for its age, 24 1/4" barrel with good clear rifling, in fact the rifle as a whole shows little use, there is some minor age related dings to woodwork but again, minor. All works as it should, Definitely one for the training rifle collection.
